- [richard@accentient.com](mailto:richard@accentient.com)

Microsoft®  
**Regional Director**  
PROGRAM

# Hopefully you ...

- Have read the Scrum Guide
- Understand the basics of Scrum
- Understand the basics of ALM
- Have used Visual Studio
- Work on a software development team (any role)

Finally: training, assessment, and certification for the *team* ...

# THE PROFESSIONAL SCRUM DEVELOPER PROGRAM

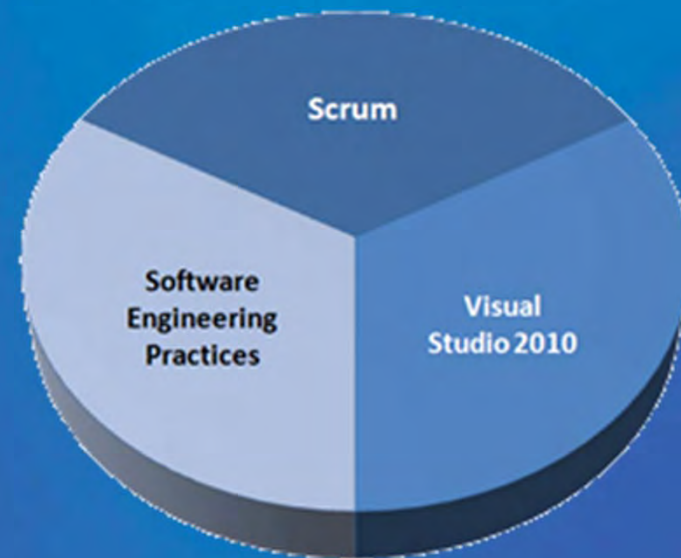

Professional  
Scrum Developer

a training and certification program by [SCRUM.ORG](https://www.scrum.org)™

# Purpose of the PSD Course

- To teach a team how to turn a Product Backlog item into something that is done and potentially shippable using Scrum, Microsoft Visual Studio 2010, and modern software engineering practices

# Scrum Roles, Timeboxes, and Artifacts

<b>Roles</b>	<b>Timeboxes</b>	<b>Artifacts</b>
Product Owner	Release Planning Meeting	Product Backlog
ScrumMaster	Sprint Planning Meeting	Sprint Backlog
The Team	The Sprint	Burndown Chart
	Daily Scrum Meeting	<u>Working Software</u>
